Please do this for each account you maintain to ensure that all of your shares are voted.

Only stockholders of record at the close of business on November 6, 2025 (the “Record Date”), are entitled to notice of the Annual Meeting and to vote at the Annual Meeting or any adjournment, postponement or rescheduling thereof. At any adjourned, postponed or rescheduled meeting, action with respect to matters specified in this Notice of Annual Meeting of Stockholders may be taken without further notice to stockholders, unless required by law or the Company’s Third Amended and Restated Bylaws.

We recommend that stockholders carefully review in advance the procedures needed to gain admission virtually to the Annual Meeting. If you do not comply with the procedures outlined above, you will not be admitted to the Annual Meeting. If you have any questions or require any assistance with pre-registering, please contact the Company’s proxy solicitor, Alliance, by calling 866-612-8937 or by email at VirtualMeeting@viewproxy.com.

What Happens if There Are Technical Difficulties during the Annual Meeting?

There will be technicians ready to assist you with any technical difficulties you may have accessing the Annual Meeting live audio webcast. Please be sure to check in 15 minutes prior to the start of the Annual Meeting, so that any technical difficulties may be addressed before the Annual Meeting live audio webcast begins. If you encounter any difficulties accessing the webcast during the check-in or meeting time, please email VirtualMeeting@viewproxy.com or call 866-612-8937.

What are the Voting Rights of the Stockholders?

We have two outstanding classes of voting stock entitled to vote at the Annual Meeting: Common Stock and Series G Preferred Stock. Each holder of Common Stock is entitled to one vote per share of Common Stock on all matters to be acted upon at the Annual Meeting. Each holder of Series G Preferred Stock is entitled to vote on all matters, other than the Issuance Proposal, with holders of the Common Stock on an as-converted basis pursuant to the terms of the Certificate of Designation of the Series G Preferred Stock (the “Certificate of Designations”), with the number of votes to which each holder of Series G Preferred Stock is entitled calculated assuming a conversion price of \$1.36 per share, subject to certain beneficial ownership limitations as set forth in the Certificate of Designations.

How Do I Vote?

Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board’s recommendations, as described below under “*How Will My Proxy Be Voted?*” Voting by proxy will not affect your right to attend the Annual Meeting virtually.

Stockholder of Record: Shares Registered in Your Name

If, as of the Record Date, your shares are registered directly in your name, you may vote your shares in one of the following ways:

- **Voting Via the Internet:** You may vote via the Internet by following the instructions on the Proxy Card. Go to www.AALvote.com/XWEL and have your Proxy Card available. The Internet voting facilities will close at 11:59 p.m. Eastern Time on December 17, 2025.

- **By Mail:** If you received a Proxy Card by mail, you can vote by completing, signing, dating and promptly returning the enclosed Proxy Card in the postage-paid envelope provided. A completed Proxy Card returned by mail must be received at the address stated on the Proxy Card before December 18, 2025. If you sign the enclosed Proxy Card but do not specify how you want your shares voted, they will be voted in accordance with the Board's recommendations as described below under "How Will My Proxy Be Voted?"
- **By Telephone:** You may vote by telephone by calling (866) 804-9616 and following the instructions on the Proxy Card. The telephone voting facilities will close at 11:59 p.m. Eastern Time on December 16, 2025.
- **Virtually at the Annual Meeting:** You may also vote by attending the virtual Annual Meeting. To attend the virtual Annual Meeting, you must first pre-register as described above under "How Can Stockholders Attend the Annual Meeting? Am I Entitled to Attend the Annual Meeting in Person? Why Are You Holding a Virtual Annual Meeting?"

If you are a stockholder of record, your virtual control number will be on your Notice of Internet Availability of Proxy Materials or Proxy Card. Even if you plan to attend the Annual Meeting virtually, we recommend that you also submit your proxy via the Internet, by telephone or by mail so that your vote will be counted if you later decide not to attend the Annual Meeting. **Internet and telephone voting facilities for record stockholders will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on December 16, 2025.** Please contact our proxy solicitor, Alliance, by calling 1-888-490-5110 or by email at XWEL@allianceadvisors.com if you require assistance in voting your shares.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Nominee

If you hold your shares in "street name," your bank, broker or other nominee should provide to you a request for voting instructions along with the Company's proxy solicitation materials. By completing the voting instruction card, you may direct your nominee how to vote your shares. If you partially complete the voting instruction but fail to complete one or more of the voting instructions, then your nominee may be unable to vote your shares with respect to the proposal as to which you provided no voting instructions. See "What is a broker non-vote? What is discretionary voting?" below. Alternatively, if you want to vote your shares during the Annual Meeting, you must contact your nominee directly in order to obtain a proxy issued to you by your nominee holder. Note that a broker letter that identifies you as a stockholder is not the same as a nominee-issued proxy.

If you hold your shares beneficially through a broker, bank or other nominee, you must provide a legal proxy from your broker, bank or other nominee during registration to attend the Annual Meeting. You will then be assigned a virtual control number in order to vote your shares during the Annual Meeting. You may only vote during the Annual Meeting by emailing a copy of your legal proxy to VirtualMeeting@viewproxy.com in advance of the Annual Meeting.

How Will My Proxy Be Voted?

Shares represented by properly executed Proxy Cards will be voted in accordance with the directions indicated thereon. If you sign the Proxy Card but do not make any specific choices, your proxy will vote your shares "**FOR**" each of the Director Election Proposal, the Auditor Ratification Proposal, the Say-on-Pay Proposal, the Board Classification Proposal, the Reverse Stock Split Proposal, the Issuance Proposal and the Adjournment Proposal, and "**EVERY THREE YEARS**" for the Say-on-Frequency Proposal.

Why Are We Electing to Effect the Reverse Stock Split and How Will the Reverse Stock Split be Effected?

While we are now in compliance with Nasdaq Listing Rule 5550(a)(2) (the "Minimum Bid Price Requirement") of the Nasdaq Capital Market ("Nasdaq") which requires us to maintain a minimum bid price per share of \$1.00, we have in the recent past been non-compliant with the Rule. For example, on May 13, 2025, we received a letter from the Listing Qualifications Department of the Nasdaq Stock Market indicating that, based upon the closing bid price of our Common Stock for the 30 consecutive business days between March 31, 2025, to May 12, 2025, we did not meet the minimum bid price of \$1.00 per share required for continued listing on Nasdaq pursuant to the Minimum Bid Price Requirement.

To maintain our listing on Nasdaq and compliance with the continued listing requirements of Nasdaq, our Board has unanimously adopted a resolution declaring advisable, and recommending to our stockholders for their approval, the Reverse Stock Split Amendment authorizing the Reverse Stock Split, and granting the Board the discretion to file the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware effecting the Reverse Stock Split prior to the one-year anniversary of the date on which the Reverse Stock Split is approved by the Company's stockholders at the Annual Meeting or to abandon the Reverse Stock Split altogether. The form of the proposed Reverse Stock Split Amendment is attached to this Proxy Statement as [Annex C](#).

The Reverse Stock Split Amendment will effect the Reverse Stock Split by reducing the number of outstanding shares of Common Stock as compared to the number of outstanding shares immediately prior to the effectiveness of the Reverse Stock Split, but will not increase the par value of Common Stock, and will not change the number of authorized shares of our capital stock. Stockholders are urged to carefully read [Annex C](#). If implemented, the number of shares of our Common Stock owned by each of our stockholders will be reduced by the same proportion as the reduction in the total number of shares of our Common Stock outstanding, so that the percentage of our outstanding Common Stock owned by each of our stockholders will remain approximately the same, except to the extent that the Reverse Stock Split could result in some or all of our stockholders receiving one share of Common Stock in lieu of a fractional share. See also "*— Reasons for the Reverse Stock Split Amendment*" in Proposal 6 – The Reverse Stock Split Proposal on page 16.

What Is the Difference Between a Stockholder of Record and a "Street Name" Holder?

If, as of the Record Date, your shares are registered directly in your name with our stock transfer agent, Equiniti Trust Company, LLC, you are considered the stockholder of record with respect to those shares.

If, as of the Record Date, your shares are held with a broker, bank or other nominee, then the organization holding your account is considered the record holder of those shares. You are considered the beneficial owner of these shares, and your shares are held in "street name." As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid legal proxy from your broker, bank or other nominee. If your shares are held in "street name" (that is, held by a broker, bank or other nominee), you will receive voting instructions from your broker, bank or other nominee. Please follow the instructions from your broker, bank or other nominee included with these proxy materials, or contact your broker, bank or other nominee to request a legal proxy. If you hold your shares in "street name," please instruct your broker, bank or other nominee how to vote your shares using the voting instruction form provided by your broker, bank or other nominee so that your vote can be counted. The voting instruction form provided by your broker, bank or other nominee may also include information about how to submit your voting instructions over the Internet.

What is a Broker Non-Vote? What is Discretionary Voting?

A broker non-vote occurs when the broker holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares. Under rules applicable to securities brokerage firms, a broker who holds your shares in “street name” does not have the authority to vote those shares on any “non-routine” proposal, except in accordance with voting instructions received from you. On the other hand, your broker may vote your shares on certain “routine matters,” if the broker has transmitted proxy-soliciting materials to you, as the beneficial owner of the shares, but has not received voting instructions from you on such proposals.

If you do not provide voting instructions to your broker, then your shares will not be voted at the Annual Meeting on any proposal with respect to which your broker does not have discretionary authority except as to “routine matters.” At the Annual Meeting, only the Auditor Ratification Proposal, the Reverse Stock Split Proposal and the Adjournment Proposal will be considered “routine matters” and therefore, if you do not provide voting instructions to your broker regarding the Auditor Ratification Proposal, the Reverse Stock Split Proposal, and the Adjournment Proposal, your broker will be permitted to exercise discretionary voting authority to vote your shares on such proposals. The Director Election Proposal, the Say-on-Pay Proposal, the Say-on-Frequency Proposal, the Issuance Proposal and the Board Classification Proposal are not considered “routine matters,” and accordingly, in the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to such proposals. If you are a beneficial owner, we encourage you to instruct your broker, bank or other nominee how to vote your shares using the voting instruction form provided by your broker, bank or other nominee so that your vote can be counted.

May I Change or Revoke My Proxy?

If you are the stockholder of record, you may change your proxy instructions or revoke your proxy at any time before your proxy is voted at the Annual Meeting. You may change or revoke your proxy in any one of the following ways:

- Returning a later-dated proxy (i) by completing, signing, dating and promptly returning the enclosed Proxy Card, (ii) via the Internet by following the instructions on the enclosed Proxy Card or (iii) by calling the toll-free number found on the enclosed Proxy Card (the latest dated proxy is the only one that counts), in each case, the date and time specified above under “*How Do I Vote?*”;
- by notifying our Corporate Secretary in writing before the Annual Meeting that you have revoked your proxy; or
- by attending the Annual Meeting virtually and voting at the Annual Meeting (attending the Annual Meeting virtually will not in and of itself revoke a previously submitted proxy).

Your most current vote, whether via the Internet, by telephone or by completing, signing, dating and promptly returning the enclosed Proxy Card is the one that will be counted.

What if I Receive More Than One Notice of Annual Meeting of Stockholders or Proxy Card?

We may conduct multiple mailings before the Annual Meeting to ensure stockholders have our latest proxy information and materials to vote. We may send you a new Proxy Card or voting instruction form with each mailing, regardless of whether you have previously voted. Also, many of our stockholders hold their shares in more than one account and may receive separate proxy cards or voting instructions forms for each of those accounts. If you receive more than one Proxy Card, your shares are registered in more than one name or are registered in different accounts. Please vote in the manner described above under “*How Do I Vote?*” for each account to ensure that all of your shares are voted.

ONLY THE LATEST DATED PROXY YOU SUBMIT WILL BE COUNTED.

What Constitutes a Quorum for the Annual Meeting?

The presence virtually or by proxy of the holders of shares of stock having one-third (33.33%) of the votes which could be cast by the holders of all outstanding shares of stock entitled to vote at the Annual Meeting shall be necessary and sufficient to constitute a quorum. If, however, such quorum is not present or represented at any meeting of the stockholders, then either (i) the chairperson of the Annual Meeting, or (ii) the stockholders entitled to vote at the meeting, present virtually or represented by proxy, shall have the power to adjourn the Annual Meeting from time to time, in the manner provided in the Third Amended and Restated Bylaws (the “Bylaws”), until a quorum is present or represented.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

<p>Proposal 1 – Director Election Proposal</p>	<p>Directors shall be elected by a plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. That means that the five nominees for director who receive the most votes will be elected.</p> <p>Stockholders may vote “FOR” each nominee or “WITHHOLD” their vote from each nominee.</p> <p>Withheld votes will have no effect on the outcome of the election of directors.</p> <p>Because the Director Election Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Director Election Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Director Election Proposal will result in a broker non-vote, which will have no effect on the results of this vote.</p>
<p>Proposal 2 – Auditor Ratification Proposal</p>	<p>The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Auditor Ratification Proposal is required to approve the Auditor Ratification Proposal.</p> <p>“ABSTAIN” votes will have no effect on the Auditor Ratification Proposal.</p> <p>Because the Auditor Ratification Proposal is a “routine matter,” broker non-votes are not expected to occur with respect to the Auditor Ratification Proposal because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise its discretionary authority to vote your shares on the Auditor Ratification Proposal will have no effect thereon.</p>
<p>Proposal 3 – Say-on-Pay Proposal</p>	<p>The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Say-on-Pay Proposal is required to approve the Say-on-Pay Proposal on a non-binding, advisory basis.</p> <p>“ABSTAIN” votes will have no effect on the Say-on-Pay Proposal.</p> <p>Because the Say-on-Pay Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Say-on-Pay Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Say-on-Pay Proposal will result in a broker non-vote, which will have no effect on the results of this vote.</p>
<p>Proposal 4 – Say-on-Frequency Proposal</p>	<p>The option among one year, two years, or three years that receives the highest number of votes cast at the Annual Meeting by stockholders entitled to vote on the Say-on-Frequency Proposal will be deemed to be the frequency preferred by our stockholders.</p> <p>Abstentions will have no effect on the Say-on-Frequency Proposal.</p> <p>Because the Say-on-Frequency Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Say-on-Frequency Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Say-on-Frequency Proposal will result in a broker non-vote, which will have no effect on the results of this vote.</p>

<p>Proposal 5 – Board Classification Proposal</p>	<p>The affirmative vote of a majority of the shares outstanding and entitled to vote on the Board Classification Proposal is required to approve the Board Classification Proposal.</p> <p>“ABSTAIN” votes will have the same effect as votes cast “AGAINST” the Board Classification Proposal.</p> <p>Because the Board Classification Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Board Classification Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Board Classification Proposal will result in a broker non-vote, which will have the effect of a vote “AGAINST” the Board Classification Proposal.</p>
<p>Proposal 6 – Reverse Stock Split Proposal</p>	<p>The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Reverse Stock Split Proposal is required to approve the Reverse Stock Split Proposal.</p> <p>“ABSTAIN” votes will have no effect on the Reverse Stock Proposal.</p> <p>Because the Reverse Stock Split Proposal is a “routine matter,” broker non-votes are not expected to occur with respect to the Reverse Stock Split Proposal because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise its discretionary authority to vote your shares on the Reverse Stock Split Proposal will have no effect thereon.</p>
<p>Proposal 7 – Issuance Proposal</p>	<p>The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Issuance Proposal is required to approve the Issuance Proposal.</p> <p>Holders of shares of the Series G Preferred Stock are not entitled to vote such shares on the Issuance Proposal.</p> <p>“ABSTAIN” votes will have no effect on the Issuance Proposal.</p> <p>Because the Issuance Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Issuance Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Issuance Proposal will result in a broker non-vote, which will have no effect on the results of this vote.</p>
<p>Proposal 8 – Adjournment Proposal</p>	<p>The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Adjournment Proposal is required to approve the Adjournment Proposal.</p> <p>“ABSTAIN” votes will have no effect the Adjournment Proposal.</p> <p>Because the Adjournment Proposal is a “routine matter,” broker non-votes are not expected to occur with respect to the Adjournment Proposal because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise its discretionary authority to vote your shares on the Adjournment Proposal will have no effect thereon.</p>

Who Counts the Votes?

All votes will be tabulated by Alliance, the inspector of election appointed for the Annual Meeting. Each proposal will be tabulated separately.

Do I Have Any Dissenters’ Or Appraisal Rights With Respect to Any of the Matters to be Voted on at the Annual Meeting?

No. None of our stockholders has any dissenters’ or appraisal rights with respect to the matters to be voted on at the Annual Meeting.

Where Can I Find the Voting Results of the Annual Meeting?

The final voting results will be reported on Form 8-K, which will be filed with the SEC within four business days after the Annual Meeting. If our final voting results are not available within four business days after the Annual Meeting, we will file a Form 8-K reporting the preliminary voting results and subsequently file the final voting results in an amendment to the Form 8-K within four business days after the final voting results are known to us.

What Are the Costs of Soliciting these Proxies?

The costs and expenses of the Board's solicitation of proxies, including the preparation, printing and mailing of this Proxy Statement, the Proxy Card, the Notice of the Annual Meeting of Stockholders and any additional information furnished to stockholders by us, will be borne by us. Solicitation of proxies may be in person, by telephone, electronic mail or personal solicitation by our directors, officers or staff members. Other than the persons described in this Proxy Statement, no general class of our employees will be employed to solicit stockholders in connection with this proxy solicitation. However, in the course of their regular duties, our employees, officers and directors may be asked to perform clerical or ministerial tasks in furtherance of this solicitation. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses.

In connection with our engagement of Alliance as a proxy solicitor, we anticipate that certain employees of Alliance may communicate in person, by telephone or otherwise with a limited number of institutions, brokers or other persons who are our stockholders for the purpose of assisting in the solicitation of proxies for the Annual Meeting. We expect to pay Alliance up to \$115,170 for its services in connection with the solicitation of proxies for the Annual Meeting.

Are There Any Other Matters to be Acted upon at the Annual Meeting?

Management does not intend to present any business at the Annual Meeting for a vote other than the matters set forth in the Notice and has no information that others will do so. If other matters requiring a vote of the stockholders properly come before the Annual Meeting, it is the intention of the person named in the form of proxy to vote the shares represented by the proxies held by them in accordance with applicable law and their judgment on such matters.

PROPOSAL 1 – THE DIRECTOR ELECTION PROPOSAL

Our Board currently consists of five members. Prior to each annual meeting of stockholders, the Board considers the recommendations of the Nominating and Corporate Governance Committee of the Board (the “Nominating and Corporate Governance Committee”) and votes to nominate individuals for election or re-election for a term of one year or until their successors are duly elected and qualified or until their earlier death, resignation, or removal. In accordance with the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated Ezra Ernst, Bruce T. Bernstein, Robert Weinstein, Gaëlle Wizenberg and Michael Lebowitz for election as directors at the Annual Meeting, each to serve until the 2026 annual meeting of stockholders or until his or her respective successor is duly elected and qualified.

Each of Ezra Ernst, Bruce T. Bernstein, Robert Weinstein, Gaëlle Wizenberg and Michael Lebowitz has consented to being named in a proxy statement relating to the Annual Meeting and to serve as a director if elected. Each of the nominees listed has expressed his or her willingness to serve. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by our Board. We have no present reason to believe that any nominee will be unable or unwilling to serve as a director. Except as set forth in this Proxy Statement and based on the information provided by each director, no director is a party to an arrangement or understanding pursuant to which he or she is to be selected as a director or nominee.

Additional information regarding each of Ezra Ernst, Bruce T. Bernstein, Robert Weinstein, Gaëlle Wizenberg and Michael Lebowitz is set forth below under “*Management and Corporate Governance*” in this Proxy Statement.

Vote Required and Board’s Recommendation

Directors shall be elected by a plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. That means that the five nominees for director who receive the most votes will be elected. Withheld votes will have no effect on the outcome of the election of directors. Because the Director Election Proposal is not considered a “routine matter,” your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Director Election Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Director Election Proposal will result in a broker non-vote, which will have no effect on the results of this vote.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF EACH OF EZRA ERNST, BRUCE T. BERNSTEIN, ROBERT WEINSTEIN, GAËLLE WIZENBERG AND MICHAEL LEBOWITZ AS DIRECTORS.

PROPOSAL 2 – THE AUDITOR RATIFICATION PROPOSAL

The Audit Committee of the Board (the “Audit Committee”) recommends stockholders ratify CBIZ CPAs P.C. (“CBIZ”) as our independent registered public accounting firm for the fiscal year ending December 31, 2025.

On May 4, 2020, we approved the engagement of Friedman LLP (“Friedman”) as our independent registered public accounting firm for the fiscal year ended December 31, 2020. This selection was ratified by our stockholders at the 2020, 2021, 2022, 2023 and 2024 annual meetings of stockholders held on October 28, 2020, September 30, 2021, October 4, 2022, August 22, 2023, and September 20, 2024, respectively. In deciding to select Friedman, the Audit Committee carefully considered the qualifications of Friedman, including their reputation for integrity, quality, and competence in the fields of accounting and auditing. Effective September 1, 2022, Friedman combined with Marcum, and Marcum, LLP (“Marcum”) became our auditors as of October 4, 2022. In November 2024, CBIZ acquired Marcum. Further, the Audit Committee reviewed auditor independence issues and existing commercial relationships with CBIZ. The Audit Committee concluded that independence of CBIZ was not impaired for the fiscal years ended December 31, 2024, and 2023.

We anticipate that representatives from CBIZ will be present at the Annual Meeting and that the CBIZ representative will have the opportunity to make a statement if he or she desires to do so and we will allow such representative to be available to respond to appropriate questions.

For the fiscal years ended December 31, 2024, and 2023, we incurred the following fees for the services of CBIZ:

	<u>2024</u>	<u>2023</u>
CBIZ CPAs P.C.:		
Audit fees(1)	\$ 503,900	\$ 567,070
Audit-related fees(2)	109,580	120,915
Tax fees(3)	-	-
All other fees(4)	-	-
Total	<u>\$ 613,480</u>	<u>\$ 687,985</u>

- (1) Audit fees includes fees associated with the annual audits of our financial statements, quarterly reviews of our financial statements, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees includes fees for benefit plan audits and lease compliance audits.
- (3) Tax fees consist of fees for tax services, including tax compliance, tax advice and tax planning.
- (4) The fees in this category pertain to fees billed for products and services provided by CBIZ, other than the services reported in the categories above.

Pre-Approval of Audit and Non-Audit Services

Consistent with SEC policies and guidelines regarding audit independence, our Audit Committee is responsible for the pre-approval of all audit and permissible non-audit services provided by our independent registered public accounting firm on a case-by-case basis. Our Audit Committee has established a policy regarding approval of all audit and permissible non-audit services provided by our independent registered public accounting firm. Our Audit Committee pre-approves these services by category and service. Our Audit Committee pre-approved all of the services provided by our independent registered public accounting firm for the years ended December 31, 2024, and 2023.

Vote Required and Board’s Recommendation

The Audit Committee has appointed CBIZ as our independent registered public accounting firm for the fiscal year ending December 31, 2025. The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote on the Auditor Ratification Proposal is required to approve the Auditor Ratification Proposal. “ABSTAIN” votes will have no effect on the Auditor Ratification Proposal. Because the Auditor Ratification Proposal is a “routine matter,” broker non-votes are not applicable because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise such discretionary authority to vote your shares on the Auditor Ratification Proposal will have no effect thereon.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE AUDITOR RATIFICATION PROPOSAL.

PROPOSAL 3 – THE SAY-ON-PAY PROPOSAL

We are seeking your advisory vote as required by Section 14A of the Exchange Act, on the approval of the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC in the compensation tables and the related material disclosed in this Proxy Statement. Because your vote is advisory, it will not be binding on the Compensation Committee of the Board (the “Compensation Committee”) or our Board. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. We have determined to hold an advisory vote to approve the compensation of our named executive officers annually and the next such advisory vote will occur at the 2026 annual meeting of stockholders, subject to the voting results of the Say-on-Frequency Proposal as set forth in this Proxy Statement and our Board’s final determination as related to the frequency of holding future advisory votes on executive compensation.

Our compensation philosophy is designed to provide the compensation and incentives needed to motivate and reward fairly those individuals who perform over time at or above the levels that we expect and to attract, as needed, and retain individuals with the skills necessary to achieve our objectives and who are crucial to our long-term success. Our compensation program is also designed to reinforce a sense of ownership and to link compensation to our performance as well as the performance of each of our named executive officers.

We rely on qualified, highly skilled and talented employees who have experience in the retail and health and wellness industries to execute our business plan and strategy. Thus, our compensation program is structured in a manner similar to companies in these industries in order to attract and retain talented employees who may have other opportunities in these industry areas.

Our compensation program consists of these general elements:

- a fixed portion of compensation, in the form of a base salary, to retain and provide a base level of compensation to our named executive officers; and
- a long-term performance element in the form of equity, to incentivize our named executive officers to achieve superior corporate performance.

In determining the total amount and mixture of the compensation for each of our named executive officers, the Compensation Committee subjectively considers the overall value to the Company of each named executive officer in light of numerous factors, including, but not limited to, the following:

- our competitive position;
- our financial performance and the contribution of each individual to our financial performance;
- individual performance, including past and expected contribution to our corporate goals and execution of our business plan and strategy; and
- our long-term needs and operational goals, including attracting and retaining key management personnel.

In accordance with the rules of the SEC, the following resolution, commonly known as a “say-on-pay” vote, is being submitted for a stockholder vote at the Annual Meeting:

“RESOLVED, that the compensation paid to the named executive officers of XWELL, Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the compensation tables and the related material disclosed in the proxy statement for the meeting, is hereby

Vote Required and Board’s Recommendation

As an advisory vote, the result of this proposal is non-binding. Although the vote is non-binding, our Board and our Compensation Committee value the opinions of our stockholders in this matter and, to the extent there is any significant vote in favor of one time period over another, will consider the outcome of this vote when making future decisions regarding the compensation of our named executive officers.

The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Say-on-Pay Proposal is required to approve the Say-on-Pay Proposal on a non-binding, advisory basis. “ABSTAIN” votes will have no effect on the Say-on-Pay Proposal. Broker non-votes will have no effect on the outcome of Say-on-Pay Proposal.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE SAY-ON-PAY PROPOSAL.

PROPOSAL 4 – THE SAY-ON-FREQUENCY PROPOSAL

As required by the SEC’s rules, we are including this proposal to give our stockholders the opportunity to inform us as to how often they wish us to include a say-on-pay proposal in our proxy statements.

We are presenting the following proposal, which gives you, as a stockholder, the opportunity to inform us as to whether you wish us to hold an advisory (non-binding) vote on executive compensation once every (1) one year, (2) two years, or (3) three years, or you may abstain from voting on the proposal set forth in the following resolution.

“RESOLVED, that the stockholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company’s named executive officers as set forth in the Company’s proxy statement for the 2025 Annual Meeting of Stockholders should be every year, every two years, or every three years.”

The Board recommends that you vote for every three (3) years as the desired frequency for us to hold a non-binding, advisory vote of the stockholders on executive compensation. We believe this frequency is appropriate for the reasons set forth below:

- Our equity compensation program for the named executive officers is designed to support long-term value creation, and a vote every three years will allow the stockholders to better judge the equity compensation program in relation to our long-term performance. We strive to ensure management’s interests are aligned with stockholders’ interests to support long-term value creation through our equity compensation program. To that end, we grant equity awards to vest over multi-year periods of service to encourage our named executive officers to focus on long-term performance, and recommend a vote every three years, which would allow the equity compensation to be evaluated over a similar time-frame and in relation to long-term performance.
- A vote every three (3) years will provide the Board and the Compensation Committee with the time to thoughtfully consider and thoroughly respond to stockholders’ sentiments and to implement any necessary changes in light of the timing required therefor. The Board and the Compensation and Committee will carefully review changes to the executive compensation to maintain the effectiveness and credibility of the program, which is important for aligning interests and for motivating and retaining our named executive officers.
- We are open to input from stockholders regarding Board and governance matters, as well as the equity compensation program. We believe that the stockholders’ ability to contact us and the Board at any time to express specific views on executive compensation holds us accountable to stockholders and reduces the need for and value of more frequent advisory votes on executive compensation.

Vote Required and Board’s Recommendation

The option among one year, two years, or three years that receives the highest number of votes cast at the Annual Meeting by stockholders entitled to vote on the Say-on-Frequency Proposal will be deemed to be the frequency preferred by our stockholders. Abstentions and broker non-votes will have no effect on this proposal.

While our Board believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preference, on an advisory basis, as to whether non-binding future stockholder advisory votes on the compensation of our named executive officers should be held every year, two years, or three years.

As an advisory vote, the result of this proposal is non-binding. Although the vote is non-binding, our Board and our Compensation Committee value the opinions of our stockholders in this matter and, to the extent there is any significant vote in favor of one time period over another, will consider the outcome of this vote when making future decisions regarding the frequency of holding future stockholder advisory votes on the compensation of our named executive officers.

This vote may not be construed as overruling a decision by the Board or its committees, creating or implying any change to the fiduciary duties of the Board or its committees or any additional fiduciary duty by the Board or its committees or restricting or limiting the ability of stockholders to make proposals for inclusion in proxy materials related to executive compensation. Notwithstanding the Board’s recommendation and the outcome of the vote on this matter, the Board may, in the future, decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

THE BOARD RECOMMENDS THAT YOU VOTE “EVERY THREE YEARS” FOR THE SAY-ON-FREQUENCY PROPOSAL.

PROPOSAL 5 – THE BOARD CLASSIFICATION PROPOSAL

Background of the Board Classification Proposal

On November 6, 2025, our Board unanimously approved and recommended that our stockholders adopt and approve the Board Classification Amendment to the Certificate of Incorporation in the form attached to this Proxy Statement as [Annex A](#), which provides for the establishment of a classified board of directors. Our Board currently consists of five members, each elected to one-year terms at each annual meeting of stockholders. If the Board Classification Proposal is approved, we will divide our Board into two classes, with each class having a two-year term expiring in a different year, as further described below.

Classified Board of Directors

Delaware law provides, unless otherwise provided in the Certificate of Incorporation or our Bylaws, directors are elected for a one-year term at the annual meeting of stockholders. If the Board Classification Proposal is approved, we would be authorized to classify our Board, and such classification would be effective upon the filing and effectiveness of the Board Classification Amendment into two classes with staggered two-year terms, designated as follows:

- Class I Directors, with their initial terms expiring at the annual meeting of stockholders to be held in 2026 (the “2026 Annual Meeting”) and members of such class serving successive two-year terms thereafter; and
- Class II Directors, with their initial terms expiring at the annual meeting of stockholders to be held in 2027 (the “2027 Annual Meeting”) and members of such class serving successive two-year terms thereafter; and

After this transition, our directors would serve for two-year terms, with one class being elected each year. Vacancies that occur during the year could be filled by the Board and such director would hold office until the next annual meeting of stockholders.

If the Board Classification Proposal is approved, the Board Classification Amendment authorizes the Board to assign directors then in office to classes upon the filing with the Delaware Secretary of State of Board Classification Amendment providing for classification of the Board.

Our Board currently expects (i) that Ezra T. Ernst, Michael Lebowitz and Gaëlle Wizenberg will be designated to serve as the Class I Directors for an initial term to expire at the 2026 Annual Meeting and (ii) that Bruce T. Bernstein and Robert Weinstein will be designated to serve as the Class II Directors for an initial term to expire at the 2027 Annual Meeting, or in each case, until the director’s earlier death, resignation or removal.

If the Board Classification Proposal is approved and the Board Classification Amendment filed with the Delaware Secretary of State, the Board intends to amend the Bylaws, substantially in the form of [Annex B](#) attached hereto, to be consistent with any changes to the Board Classification Amendment approved by stockholders at the Annual Meeting.

Advantages of a Classified Board of Directors

Our Board believes that a classified board structure will help to assure the continuity and stability of our long-term policies in the future and to reduce our vulnerability to hostile and potentially abusive takeover tactics that could be adverse to the best interests of our company and its stockholders. Our Board believes that, by encouraging potential acquirers to negotiate directly with our Board, thereby giving our Board added leverage in such negotiations, a classified board structure will increase the likelihood of bona fide offers for our company by serious acquirers. A classified board would not preclude unsolicited acquisition proposals but, by eliminating the threat of imminent removal, would put our Board in a position to act to maximize value for all stockholders.

A longer term in office also would allow our directors to stay focused on long-term value creation, without undue pressure that may come from special interest groups intent on pursuing their own agenda at the expense of the interests of our company and its stockholders. Further, it would enable us to benefit more effectively from directors’, particularly non-management directors’, experience and knowledge of our Company; while helping us attract and retain highly qualified individuals willing to commit the time and dedication necessary to understand our Company, its operations and its competitive environment.

Disadvantages of a Classified Board of Directors

While a classified Board may have the beneficial effects discussed immediately above, it may also discourage some takeover bids, including some that would otherwise allow stockholders the opportunity to realize a premium over the market price of their stock or that a majority of our stockholders otherwise believes may be in their best interests to accept or where the reason for the desired change is inadequate performance of our directors or management. Because of the additional time required to change control of our Board, a classified Board may also make it more difficult and more expensive for a potential acquirer to gain control of our Board and our Company.

Anti-Takeover Effects

A classified board of directors may increase the amount of time required for a takeover bidder to obtain control of our company without the cooperation of our Board, even if the takeover bidder were to acquire a majority of the voting power of our outstanding Common Stock. Without the ability to obtain immediate control of our Board, a takeover bidder will not be able to take action to remove other impediments to its acquisition of our company. Thus, a classified Board could discourage certain takeover attempts, perhaps including some takeovers that stockholders may feel would be in their best interests. Further, a classified Board will make it more difficult for stockholders to change the majority composition of our Board, even if our stockholders believe such a change would be beneficial. Because a classified Board would make the removal or replacement of directors more difficult, it may have the effect of increasing directors' security in their positions, and could be viewed as tending to perpetuate incumbent management.

Since the creation of a classified Board will increase the amount of time required for a hostile bidder to acquire control of our Company, the existence of a classified Board could tend to discourage certain tender offers that stockholders might feel would be in their best interest. However, our Board believes that forcing potential bidders to negotiate with our Board for a change of control transaction will allow our Board to better maximize stockholder value in any change of control transaction.

The Board does not currently contemplate recommending the approval of any actions that could be construed to affect the ability of third parties to take over or change control of our Company.

Reservation of Right to Abandon

Our Board reserves the right to not proceed with implementing a classified Board and to abandon such action without further action by our stockholders at any time before the effectiveness of the filing of the Board Classification Amendment with the Delaware Secretary of State, even if this proposal is adopted and approved by our stockholders at the Annual Meeting. By voting in favor of this proposal, you are expressly also authorizing our Board to delay, not proceed with, and abandon, implementing a classified board if it should so decide, in its sole discretion, that such action is in the best interests of our Company and its stockholders. If the Board elects to abandon the classified Board and the Board Classification Amendment, each member of our Board will continue to be elected to one-year terms at each annual meeting of stockholders.

Vote Required and Board's Recommendation

The affirmative vote of a majority of the shares outstanding and entitled to vote on the Board Classification Proposal is required to approve the Board Classification Proposal. "ABSTAIN" votes will have the same effect as votes cast "AGAINST" the Board Classification Proposal.

Because the Board Classification Proposal is not considered a "routine matter," your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Board Classification Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Board Classification Proposal will result in a broker non-vote, which will have the effect of a vote "AGAINST" the Board Classification Proposal.

THE BOARD RECOMMENDS A VOTE "FOR" THE BOARD CLASSIFICATION PROPOSAL.

PROPOSAL 6 – THE REVERSE STOCK SPLIT PROPOSAL

Background and Proposed Amendment

On November 6, 2025, subject to stockholder approval, the Board approved an amendment to our Certificate of Incorporation to, at the discretion of the Board, to effect the Reverse Stock Split of our Common Stock at a ratio of 1-for-2 to 1-for-20, with the exact ratio within such range to be determined by the Board of the Company at its discretion. The primary goal of the Reverse Stock Split is to increase the per share market price of our Common Stock to meet the minimum per share bid price requirements for continued listing on Nasdaq. We believe that a range of Reverse Stock Split ratios provides us with the most flexibility to achieve the desired results of the Reverse Stock Split. The Reverse Stock Split is not intended as, and will not have the effect of, a “going private transaction” covered by Rule 13e-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Reverse Stock Split is not intended to modify the rights of existing stockholders in any material respect.

If the Reverse Stock Split Proposal is approved by our stockholders and the Reverse Stock Split is effected, up to every 20 shares of our outstanding Common Stock would be combined and reclassified into one share Common Stock. The actual timing for implementation of the Reverse Stock Split would be determined by the Board based upon its evaluation as to when such action would be most advantageous to the Company and its stockholders. Notwithstanding approval of the Reverse Stock Split Proposal by our stockholders, the Board will have the sole authority to elect whether or not and when to amend our Certificate of Incorporation to effect the Reverse Stock Split. If the Reverse Stock Split Proposal is approved by our stockholders, the Board will make a determination as to whether effecting the Reverse Stock Split is in the best interests of the Company and our stockholders in light of, among other things, compliance with the continued listing on Nasdaq, the Company’s ability to increase the trading price of our Common Stock to meet the minimum stock price standards of Nasdaq without effecting the Reverse Stock Split, the per share price of the Common Stock immediately prior to the Reverse Stock Split and the expected stability of the per share price of the Common Stock following the Reverse Stock Split. If the Board determines that it is in the best interests of the Company and its stockholders to effect the Reverse Stock Split, it will hold a Board meeting to determine the ratio of the Reverse Stock Split. For additional information concerning the factors the Board will consider in deciding whether to effect the Reverse Stock Split, see “—*Determination of the Reverse Stock Split Ratio*” and “—*Board Discretion to Effect the Reverse Stock Split*.”

The text of the proposed amendment to the company’s Certificate of Incorporation to effect the Reverse stock Split is included as [Annex C](#) to this Proxy Statement. If the Reverse Stock Split Proposal is approved by the Company’s stockholders, the Company will have the authority to file the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware, which will become effective upon its filing; provided, however, that the Reverse Stock Split Amendment is subject to revision to include such changes as may be required by the office of the Secretary of State of the State of Delaware and as the Board deems necessary and advisable. The Board has determined that the Reverse Stock Split Amendment is advisable and in the best interests of the Company and its stockholders and has submitted the Reverse Stock Split Amendment for consideration by our stockholders at the Annual Meeting.

Reasons for the Reverse Stock Split Amendment

Maintain Nasdaq Listing

While we are now in compliance with the Minimum Bid Price Requirement which requires us to maintain a minimum bid price per share of \$1.00, we have in the recent past been non-compliant with the Rule. For example, on May 13, 2025, we received a letter from the Listing Qualifications Department of the Nasdaq Stock Market indicating that, based upon the closing bid price of our Common Stock for the 30 consecutive business days between March 31, 2025, to May 12, 2025, we did not meet the minimum bid price of \$1.00 per share required for continued listing on Nasdaq pursuant to the Minimum Bid Price Requirement.

If our Common Stock is delisted from Nasdaq, the Board believes that the trading market for our Common Stock could become significantly less liquid, which could reduce the trading price of our Common Stock and increase the transaction costs of trading in shares of our Common Stock.

If the Reverse Stock Split Amendment is effected, it would cause a decrease in the total number of shares of our Common Stock outstanding and increase the market price of our Common Stock. The Board intends to effect the Reverse Stock Split only if it believes that a decrease in the number of shares outstanding is in our and our stockholders' best interests and is likely to improve the trading price of our Common Stock and improve the likelihood that we will be allowed to maintain our listing on Nasdaq. Accordingly, our Board approved the Reverse Stock Split Amendment as being in our best interests.

Risks Associated with the Reverse Stock Split

The Reverse Stock Split May Not Increase the Price of our Common Stock over the Long-Term and our Common Stock may be delisted. As noted above, the principal purpose of the Reverse Stock Split is to increase the trading price of our Common Stock to meet the minimum stock price standards of Nasdaq. However, the effect of the Reverse Stock Split on the market price of our Common Stock cannot be predicted with any certainty, and we cannot assure you that the Reverse Stock Split will accomplish this objective for any meaningful period of time, or at all. While we expect that the reduction in the number of outstanding shares of Common Stock will proportionally increase the market price of our Common Stock, we cannot assure you that the Reverse Stock Split will increase the market price of our Common Stock by a multiple of the Reverse Stock Split ratio, or result in any permanent or sustained increase in the market price of our Common Stock. The market price of our Common Stock may be affected by other factors which may be unrelated to the number of shares outstanding, including our business and financial performance, general market conditions, and prospects for future success.

If we are delisted from Nasdaq, among other things, it will increase the difficulty in our ability to raise money through the sale of its securities. A delisting of our Common Stock from Nasdaq could materially reduce the liquidity of our Common Stock and result in a corresponding material reduction in the price of our Common Stock. In addition, delisting could harm our ability to raise capital through alternative financing sources on terms acceptable to us, or at all, and may result in the potential loss of confidence by investors, suppliers, customers and employees and fewer business development opportunities.

The Reverse Stock Split May Decrease the Liquidity of our Common Stock. The Reverse Stock Split will reduce the total number of outstanding shares of Common Stock, which may lead to reduced trading and a smaller number of market makers for our Common Stock, particularly if the price per share of our Common Stock does not increase as a result of the Reverse Stock Split.

The Reverse Stock Split May Result in Some Stockholders Owning "Odd Lots" That May Be More Difficult to Sell or Require Greater Transaction Costs per Share to Sell. If the Reverse Stock Split is implemented, it will increase the number of stockholders who own "odd lots" of less than 100 shares of Common Stock. A purchase or sale of less than 100 shares of Common Stock (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own fewer than 100 shares of Common Stock following the Reverse Stock Split may be required to pay higher transaction costs if they sell their Common Stock.

The Reverse Stock Split May Lead to a Decrease in our Overall Market Capitalization. The Reverse Stock Split may be viewed negatively by the market and, consequently, could lead to a decrease in our overall market capitalization. If the per share market price of our Common Stock does not increase in proportion to the Reverse Stock Split ratio, or following such increase does not maintain or exceed such price, then our value, as measured by our market capitalization, will be reduced. Additionally, any reduction in our market capitalization may be magnified as a result of the smaller number of total shares of Common Stock outstanding following the Reverse Stock Split.

Potential Consequences if the Reverse Stock Split Proposal is Not Approved

If the Reverse Stock Split Proposal is not approved by our stockholders, our Board will not have the authority to effect the Reverse Stock Split Amendment to effectuate the Reverse Stock Split. Any inability of our Board to effect the Reverse Stock Split could expose us to delisting from Nasdaq.

Determination of the Reverse Stock Split Ratio

The Board believes that stockholder approval of a range of potential Reverse Stock Split ratios is in our best interests and stockholders because it is not possible to predict market conditions at the time the Reverse Stock Split would be implemented. We believe that a range of Reverse Stock Split ratios provides us with the most flexibility to achieve the desired results of the Reverse Stock Split. The Reverse Stock Split ratio to be selected by our Board will be not more than 1-for-20.

The selection of the specific Reverse Stock Split ratio will be based on several factors, including, among other things:

- our ability to maintain the listing of our Common Stock on Nasdaq;
- the per share price of our Common Stock immediately prior to the Reverse Stock Split;
- the expected stability of the per share price of our Common Stock following the Reverse Stock Split;
- the likelihood that the Reverse Stock Split will result in increased marketability and liquidity of our Common Stock;
- prevailing market conditions;
- general economic conditions in our industry; and
- our market capitalization before, and anticipated market capitalization after, the Reverse Stock Split.

We believe that granting our Board the authority to set the ratio for the Reverse Stock Split is essential because it allows us to take these factors into consideration and to react to changing market conditions. If the Board chooses to implement the Reverse Stock Split, we will make a public announcement regarding the determination of the Reverse Stock Split ratio.

Board Discretion to Effect the Reverse Stock Split

If the Reverse Stock Split Proposal is approved by our stockholders, the Board will have the discretion to implement the Reverse Stock Split or to not effect the Reverse Stock Split at all. If the trading price of our Common Stock increases without effecting the Reverse Stock Split, the Reverse Stock Split may not be necessary. Following the Reverse Stock Split, if implemented, there can be no assurance that the market price of our Common Stock will rise in proportion to the reduction in the number of outstanding shares resulting from the Reverse Stock Split or that the market price of the post-split Common Stock can be maintained above \$1.00. There also can be no assurance that our Common Stock will not be delisted from Nasdaq for other reasons.

If our stockholders approve the Reverse Stock Split Proposal at the Annual Meeting, the Reverse Stock Split will be effected, if at all, only upon a determination by the Board that the Reverse Stock Split is in the best interests of the Company and its stockholders at that time. No further action on the part of the stockholders will be required to either effect or abandon the Reverse Stock Split. If our Board does not implement the Reverse Stock Split prior to the one-year anniversary of the date on which the Reverse Stock Split is approved by the Company's stockholders at the Annual Meeting, the authority granted in this proposal to implement the Reverse Stock Split will terminate and the Reverse Stock Split Amendment will be abandoned.

The market price of our Common Stock is dependent upon our performance and other factors, some of which are unrelated to the number of shares outstanding. If the Reverse Stock Split is effected and the market price of our Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Stock Split. Furthermore, the reduced number of shares that will be outstanding after the Reverse Stock Split could significantly reduce the trading volume and otherwise adversely affect the liquidity of our Common Stock.

We have not proposed the Reverse Stock Split in response to any effort of which we are aware to accumulate our shares of Common Stock or obtain control of the Company, nor is it a plan by management to recommend a series of similar actions to our Board or our stockholders. Notwithstanding the decrease in the number of outstanding shares of Common Stock following the Reverse Stock Split, our Board does not intend for this transaction to be the first step in a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

Effectiveness of the Reverse Stock Split

The Reverse Stock Split Amendment, if approved by our stockholders, will become effective upon the filing with the Secretary of State of the State of Delaware of a Certificate of Amendment to our Certificate of Incorporation in substantially the form of the Reverse Stock Split Amendment attached to this Proxy Statement as Annex A. The exact timing of the filing of the Reverse Stock Split Amendment will be determined by the Board and its evaluation of when such action will be most advantageous to the Company and our stockholders. The Board reserves the right, notwithstanding stockholder approval and without further action by our stockholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing such Reverse Stock Split Amendment, the Board, in its sole discretion, determines that it is no longer in the best interests of the Company and our stockholders. If our Board does not implement the Reverse Stock Split prior to the one-year anniversary of the date on which the Reverse Stock Split is approved by the Company's stockholders at the Annual Meeting, the authority granted in this proposal to implement the Reverse Stock Split will terminate and the Reverse Stock Split Amendment to effect the Reverse Stock Split will be abandoned.

Effects of the Reverse Stock Split on Common Stock

Pursuant to the Reverse Stock Split Amendment, each holder of our Common Stock outstanding immediately prior to the effectiveness of the Reverse Stock Split ("Old Common Stock") will become the holder of fewer shares of our Common Stock ("New Common Stock") after consummation of the Reverse Stock Split.

The Reverse Stock Split will affect all stockholders equally and will not affect any stockholder's proportionate equity interest in the Company, except for those stockholders who receive an additional share of our Common Stock in lieu of a fractional share. None of the rights currently accruing to holders of our Common Stock will be affected by the Reverse Stock Split. Following the Reverse Stock Split, each share of New Common Stock will entitle the holder thereof to one vote per share and will otherwise be identical to Old Common Stock. The Reverse Stock Split also will have no effect on the number of authorized shares of our Common Stock. The shares of New Common Stock will be fully paid and non-assessable.

The par value per share of the Common Stock will remain unchanged at \$0.01 per share after the Reverse Stock Split. As a result, on the effective date of the Reverse Stock Split, if any, the stated capital on our balance sheet attributable to the Common Stock will be reduced proportionately based on the Reverse Stock Split ratio, from its present amount, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. After the Reverse Stock Split, net income or loss per share and other per share amounts will be increased because there will be fewer shares of our Common Stock outstanding. In future financial statements, net income or loss per share and other per share amounts for periods ending before the Reverse Stock Split would be recast to give retroactive effect to the Reverse Stock Split. As described below under "*Effects of the Reverse Stock Split on Outstanding Equity Awards and Warrants to Purchase Common Stock*," the per share exercise price of outstanding option awards and warrants would increase proportionately, and the number of shares of our Common Stock issuable upon the exercise of outstanding options and warrants, or that relate to other equity awards (e.g., restricted stock awards) would decrease proportionately, in each case based on the Reverse Stock Split ratio selected by the Board. The Company does not anticipate that any other accounting consequences would arise as a result of the Reverse Stock Split.

We are currently authorized to issue a maximum of 150,000,000 shares of our Common Stock. As of the Record Date, there were 5,766,703 shares of our Common Stock issued and outstanding. Although the number of authorized shares of our Common Stock will not change as a result of the Reverse Stock Split, the number of shares of our Common Stock issued and outstanding will be reduced in proportion to the ratio selected by the Board. Thus, the Reverse Stock Split will effectively increase the number of authorized and unissued shares of our Common Stock available for future issuance by the amount of the reduction effected by the Reverse Stock Split. Conversely, with respect to the number of shares reserved for issuance under, for example, our 2020 Plan (as defined below), our Board will proportionately reduce such reserve in accordance with the terms of the 2020 Plan. As of the Record Date, there were 3,125,000 shares of Common Stock reserved for issuance under the 2020 Plan, of which 1,599,708 remained available for future awards, and following the Reverse Stock Split, if any, such reserve will be reduced to between 1,562,500 to 156,250 shares of Common Stock, of which between approximately 799,854 to 79,985 shares will be available for future awards.

Following the Reverse Stock Split, the Board will have the authority, subject to applicable securities laws, to issue all authorized and unissued shares without further stockholder approval, upon such terms and conditions as the Board deems appropriate. We do not currently have any plans, proposals or understandings to issue the additional shares that would be available if the Reverse Stock Split is approved and effected, but some of the additional shares underlie warrants, which could be exercised or converted after the Reverse Stock Split Amendment is effected.

Effect of the Reverse Stock Split on the Series G Preferred Stock

We are currently authorized to issue a maximum of 4,000 shares of our Series G Preferred Stock. As of the Record Date, there were 4,000 shares of our Series G Preferred Stock issued and outstanding. The number of our authorized shares of Series G Preferred Stock will not change as a result of the Reverse Stock Split. Similarly, if the Reverse Stock Split is effected, the Stated Value (as defined herein) of our outstanding shares of Series G Preferred Stock will not be affected.

The Certificate of Designations (as defined herein) and the Warrants contain provisions that require the reduction of the Series G Conversion Price (as defined herein) and exercise price of the Warrants, as then in effect, on the sixteenth (16th) trading day immediately following a reverse stock split if the “Event Market Price” is less than the Series G Conversion Price or exercise price then in effect. The term “Event Market Price” is used in Certificate of Designations and the Warrants to refer to, with respect to a reverse stock split, the lowest VWAP (as defined in the Certificate of Designations and the Warrants) of the Common Stock for any trading day during the twenty (20) consecutive trading day period ending and including the trading day immediately preceding the sixteenth (16th) trading day after such reverse stock split. The number of shares of Common Stock issuable upon exercise of the Warrants will be increased in proportion to any such reduction, such that the aggregate exercise price of the Warrants will remain the same following the reduction.

Effects of the Reverse Stock Split on Outstanding Equity Awards and Warrants to Purchase Common Stock

If the Reverse Stock Split is effected, all outstanding options entitling their holders to purchase shares of our Common Stock, as well as any other equity awards granted pursuant to, or available under, the 2020 Equity Incentive Plan (the “2020 Plan”) or pursuant to the 2012 Employee, Director and Consultant Equity Incentive Plan (the “2012 Plan” and together with the 2020 Plan, the “Incentive Plans”), will be proportionately reduced, in accordance with the terms of the applicable Incentive Plan, in the same ratio as the reduction in the number of shares of outstanding Common Stock, except that any fractional shares resulting from such reduction will be rounded down to the nearest whole share to comply with the requirements of Code Sections 409A and 424. Correspondingly, the per share exercise price of any such options will be increased in direct proportion to the Reverse Stock Split ratio (rounded up to the nearest whole cent), so that the aggregate dollar amount payable for the purchase of the shares subject to the options will remain materially unchanged. For example, assuming that we effect the Reverse Stock Split at a ratio of 1-for-5, and that an optionee holds options to purchase 1,033 shares of our Common Stock at an exercise price of \$1.00 per share, upon the effectiveness of the Reverse Stock Split at such ratio, the number of shares of the Common Stock subject to that option would be reduced to 206 (rounded down from 206.6 to account for fractional shares) and the exercise price would be proportionately increased to \$5.00 per share.

As of the Record Date, there were warrants to purchase up to 5,347,594 shares of Common Stock issued and outstanding at a weighted average exercise price of \$1.6592 per share. If the Reverse Stock Split is effected, the outstanding warrants will automatically be reduced in the same ratio as the reduction in the number of shares of outstanding Common Stock. Correspondingly, the per share exercise price of such warrants will be increased in direct proportion to the Reverse Stock Split ratio, so that the aggregate dollar amount payable for the purchase of the shares subject to the warrants will remain unchanged.

Effect on Registered and Beneficial Stockholders

Upon the Reverse Stock Split, the Company intends to treat stockholders holding shares of our Common Stock in “street name” (that is, held through a bank, broker or other nominee) in the same manner as stockholders of record whose shares of Common Stock are registered in their names. Banks, brokers or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding shares of our Common Stock in “street name”; however, these banks, brokers or other nominees may apply their own specific procedures for processing the Reverse Stock Split. If you hold your shares of our Common Stock with a bank, broker or other nominee, and have any questions in this regard, the Company encourages you to contact your nominee.

Effect on “Book-Entry” Stockholders of Record

The Company’s stockholders of record may hold some or all of their shares electronically in book-entry form. These stockholders will not have stock certificates evidencing their ownership of our Common Stock. They are, however, provided with a statement reflecting the number of shares of Common Stock registered in their accounts.

If you hold registered shares of Old Common Stock in a book-entry form, you do not need to take any action to receive your shares of New Common Stock in registered book-entry form, if applicable. A transaction statement will automatically be sent to your address of record as soon as practicable after the effective time of the Reverse Stock Split indicating the number of shares of New Common Stock you hold.

Effect on Registered Certificated Shares

Some stockholders of record hold their shares of our Common Stock in certificate form or a combination of certificate and book-entry form. If any of your shares of our Common Stock are held in certificate form, you will receive a transmittal letter from the Company’s transfer agent as soon as practicable after the effective time of the Reverse Stock Split, if any. The transmittal letter will be accompanied by instructions specifying how to exchange your certificate representing the Old Common Stock for a statement of holding or a certificate of New Common Stock.

STOCKHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Shares of Common Stock Issued and Outstanding

With the exception of the number of shares issued and outstanding, the rights and preferences of the shares of our Common Stock prior and subsequent to the Reverse Stock Split will remain the same. After the effectiveness of the Reverse Stock Split, we do not anticipate that our financial condition, the percentage ownership of management, the number of our stockholders, or any aspect of our business would materially change as a result of the Reverse Stock Split.

Our Common Stock is currently registered under Section 12(b) of the Exchange Act, and as a result, we are subject to the periodic reporting and other requirements of the Exchange Act. If effected, the proposed Reverse Stock Split will not affect the registration of our Common Stock under the Exchange Act or our periodic or other reporting requirements thereunder.

Anti-Takeover Effects

In addition, we have not proposed the Reverse Stock Split, with its corresponding increase in the authorized and unissued number of shares of Common Stock, with the intention of using the additional shares for anti-takeover purposes, although we could theoretically use the additional shares to make more difficult or to discourage an attempt to acquire control of the Company.

We do not believe that our officers or directors have interests in this proposal that are different from or greater than those of any other of our stockholders.

Fractional Shares

Fractional shares will not be issued in connection with the Reverse Stock Split. Each stockholder who would otherwise hold a fractional share of Common Stock as a result of the Reverse Stock Split will receive one share of Common Stock in lieu of such fractional share. If such shares are subject to an award granted under the Incentive Plans, each fractional share of Common Stock will be rounded down to the nearest whole share of Common Stock in order to comply with the requirements of Sections 409A and 424 of the Code.

Appraisal Rights

Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal or dissenter's rights with respect to the Reverse Stock Split, and we will not independently provide our stockholders with any such rights.

Regulatory Approvals

The Reverse Stock Split will not be consummated, if at all, until after approval of the Company's stockholders is obtained. The Company is not obligated to obtain any governmental approvals or comply with any state or federal regulations prior to consummating the Reverse Stock Split other than the filing of the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware.

Certain U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following is a discussion of certain material U.S. federal income tax consequences of the Reverse Stock Split to U.S. holders (as defined below). This discussion is included for general information purposes only, does not purport to address all aspects of U.S. federal income tax law that may be relevant to U.S. holders in light of their particular circumstances, and does not describe any potential state, local, or foreign tax consequences. This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), current Treasury Regulations and administrative and court decisions and interpretations, all as in effect as of the date hereof, and all of which are subject to change, possibly on a retroactive basis, or different interpretation. Any such changes could affect the continuing validity of this discussion.

STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR FEDERAL, STATE, LOCAL, OR FOREIGN TAX CONSEQUENCES TO THEM OF THE REVERSE STOCK SPLIT.

This discussion does not address tax consequences to stockholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, U.S. holders whose functional currency is not the U.S. dollar, partnerships (or other flow-through entities for U.S. federal income purposes and their partners or members), persons who acquired their shares or equity awards in connection with employment or other performance of services (who will not incur a taxable event in connection with the Reverse Stock Split), broker-dealers, foreign entities, nonresident alien individuals and tax-exempt entities. This summary also assumes that the Old Common Stock shares were, and the New Common Stock shares will be, held as a "capital asset," as defined in Section 1221 of the Code.

As used herein, the term "U.S. holder" means a holder that is, for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States or any political subdivision thereof;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust (A) if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more "U.S. persons" (as defined in the Code) have the authority to control all substantial decisions of the trust or (B) that has a valid election in effect to be treated as a U.S. person.

Other than with respect to any stockholder that receives a full share for a fractional share (which will not apply to outstanding equity awards granted under the Incentive Plans), a stockholder generally will not recognize a gain or loss by reason of such stockholder's receipt of shares of New Common Stock pursuant to the Reverse Stock Split solely in exchange for shares of Old Common Stock held by such stockholder immediately prior to the Reverse Stock Split.

A stockholder's aggregate tax basis in the shares of New Common Stock received pursuant to the Reverse Stock Split (including any fractional shares) will equal the stockholder's aggregate basis in the Old Common Stock exchanged therefore and will be allocated among the shares of New Common Stock received in the Reverse Stock Split on a pro-rata basis. Stockholders who have used the specific identification method to identify their basis in the shares of Old Common Stock held immediately prior to the Reverse Stock Split should consult their own tax advisers to determine their basis in the shares of New Common Stock received in exchange therefor in the Reverse Stock Split. A stockholder's holding period in the shares of New Common Stock received pursuant to the Reverse Stock Split will include the stockholder's holding period in the shares of Old Common Stock surrendered in exchange therefore, provided the shares of Old Common Stock surrendered are held as capital assets at the time of the Reverse Stock Split.

No gain or loss will be recognized by us as a result of the Reverse Stock Split.

Vote Required and Board's Recommendation

The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Reverse Stock Split Proposal is required to approve the Reverse Stock Split Proposal. "ABSTAIN" votes will have no effect on the Reverse Stock Split Proposal. Because the Reverse Stock Split Proposal is a "routine matter," broker non-votes are not expected to occur with respect to the Reverse Stock Split Proposal because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise its discretionary authority to vote your shares on the Reverse Stock Split Proposal will have no effect thereon.

THE BOARD RECOMMENDS A VOTE "FOR" THE REVERSE STOCK SPLIT PROPOSAL.

PROPOSAL 7 – THE ISSUANCE PROPOSAL

Background and Description of the Issuance Proposal

The Private Placement and the Exchange

As previously reported in a Current Report on Form 8-K filed with the Securities and Exchange Commission on January 14, 2025, on January 14, 2025, the Company entered into a Securities Purchase Agreement (the “Purchase Agreement”) with certain accredited investors (the “Investors”), pursuant to which it agreed to sell to the Investors (i) an aggregate of 4,000 shares of our Series G Preferred Stock, with a par value of \$0.01 per share and a stated value of \$1,000 per share (“Stated Value”), with an initial conversion price equal to \$1.496 (the “Series G Conversion Price”), (ii) Series A warrants to acquire shares of our common stock, par value \$0.01 per share (“Common Stock”) at an exercise price of \$1.496 per share (the “Series A Warrants”), and (iii) Series B warrants to acquire shares of Common Stock at an exercise price of \$1.7952 per share (collectively, the “Private Placement”). The Private Placement closed on January 14, 2025 (the “Closing Date”).

On November 3, 2025, the Company entered into a Securities Exchange and Amendment Agreement (the “Exchange Agreement”) with the Investors, pursuant to which the Company agreed to exchange a portion of its outstanding shares of Series G Preferred Stock, including all accrued and unpaid dividends thereon equal to \$1,553,806.00 in aggregate Stated Value, held by the Investors, for senior secured convertible notes (collectively, the “Notes”) in the aggregate principal amount of \$3,387,138.80 (collectively, the “Exchange”). The Exchange closed on November 7, 2025. The Notes are convertible into shares of the Company’s Common Stock in accordance with their terms and are secured by a first priority security interest in the assets of the Company and its subsidiaries.

In connection with the Exchange, the Company and the Investors agreed to (A) amend certain terms of the Series G Preferred Stock as set forth in a Certificate of Amendment (the “Certificate of Amendment”) to the Certificate of Designations of the Series G Preferred Stock (the “Certificate of Designations”) as described below, and (B) amend and restate the Investors’ (i) Series A warrants (the “Amended and Restated Series A Warrants”) and (ii) Series B Warrants (the “Amended and Restated Series B Warrants”) and, collectively with the Amended and Restated Series A Warrants, the “Warrants”) to (A) reduce the exercise price of the Warrants to \$1.00, and (B) add certain anti-dilution provisions such that the exercise price of the Warrants will be subject to price-based adjustment in the event of, subject to certain exceptions set forth in the Warrants, any issuances of Common Stock, or securities convertible, exercisable or exchangeable for Common Stock, at a price below the then-applicable exercise price. The shares of Common Stock issuable upon conversion of the Series G Preferred Stock, the Notes and exercise of the Warrants are herein referred to as the “Underlying Shares”.

The Certificate of Amendment amends the Certificate of Designations to (i) reduce the Series G Conversion Price to \$1.00, (ii) remove the restrictive covenant requiring the Company to maintain unencumbered, unrestricted cash and cash equivalents on hand in an amount equal to at least 200% of the shares of Common Stock issuable upon conversion of the outstanding shares of Series G Preferred Stock, (iii) amend the definition of “Make-Whole Amount,” such that it now means an amount equal to the amount of additional dividends that would accrue at the dividend rate then in effect assuming for calculation purposes that the Stated Value as of the Closing Date remained outstanding through and including the Maturity Date (as defined in the Certificate of Designations), (iv) add certain anti-dilution provisions such that the Series G Conversion Price will be subject to price-based adjustment in the event of any issuances of Common Stock, or securities convertible, exercisable or exchangeable for Common Stock, at a price below the then-applicable Series G Conversion Price (subject to certain exceptions), (v) add certain provisions such that the Company and the holder of the shares of Series G Preferred Stock may agree to accelerate the conversion of such shares (including any Deferral Amounts (as defined in the Certificate of Designations)) at a conversion price equal to the lower of (i) the Installment Conversion Price (as defined in the Certificate of Designations) applicable to the current Installment Date and (ii) the greater of the Floor Price and (x) 80% of the dollar volume-weighted average price (“VWAP”) of the Common Stock immediately prior to such acceleration, and (y) the average three daily VWAP during the thirty consecutive trading day immediately prior to such acceleration.

Reasons for the Exchange

As of June 30, 2025, our cash and cash equivalents totaled approximately \$5,263,000. On October 31, 2025, at a duly held meeting of our Board, our Board determined that it was necessary to raise additional funds for general corporate purposes. We believe that the Exchange was necessary in light of our cash and funding requirements and our obligations under the Certificate of Designations. In addition, at the time of the Exchange, our Board considered numerous alternatives to the transactions, none of which proved to be feasible or, in the opinion of our Board, would have resulted in aggregate terms equivalent to, or more favorable than, the terms obtained in the Exchange.

Exchange Agreement

Pursuant to the terms of the Exchange Agreement, the Company agreed to exchange a portion of its outstanding shares of Series G Preferred Stock, including all accrued and unpaid dividends thereon equal to \$1,553,806.00 in aggregate Stated Value, held by the Investors, for the Notes in the aggregate principal amount of \$3,387,138.80. The Notes are convertible into shares of the Company's Common Stock in accordance with their terms and are secured by a first priority security interest in the assets of the Company and its subsidiaries.

The Exchange Agreement contains certain representations and warranties, covenants and indemnification provisions customary for similar transactions. The representations, warranties and covenants contained in the Exchange Agreement were made solely for the benefit of the applicable parties to the Exchange Agreement and may be subject to limitations agreed upon by the applicable contracting parties. Among other covenants, the Exchange Agreement requires the Company to hold a meeting of its stockholders not later than December 31, 2025, to seek approval (the "Stockholder Approval") for (i) the issuance of the shares of Common Stock issuable upon conversion of the Notes under Nasdaq Stock Market Rule 5635(d) for the issuance of shares of Common Stock in excess of 19.99% of the Company's issued and outstanding shares of Common Stock at prices below the "Minimum Price" (as defined in Rule 5635 of the Rules of the Nasdaq Stock Market) on the date of the Exchange Agreement pursuant to the terms of the Notes, (ii) the terms of the Certificate of Amendment, and (iii) the terms of the Warrants.

The Issuance Proposal is intended to fulfil the covenant as related to the Stockholder Approval in the Exchange Agreement.

The Series G Preferred Stock

The terms of the Series G Preferred Stock are as set forth in the Certificate of Designations, as amended by the Certificate of Amendment. The Certificate of Designations was filed with the Secretary of State for the State of Delaware on January 14, 2025, prior to the closing of the Private Placement and the Certificate of Amendment was filed with the Secretary of State for the State of Delaware on November 5, 2025, prior to the closing of the Exchange. The forms of Certificate of Designations and Certificate of Amendment were filed as Exhibit 3.1 to the Company's Current Report on Form 8-K, filed with the SEC on January 15, 2025, and November 5, 2025, respectively, and are incorporated herein by reference.

All of our shares of capital stock rank junior to shares of the Series G Preferred Stock, with respect to the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding up. The Preferred Shares are convertible into the Conversion Shares at the election of the holder at any time at an amended Series G Conversion Price of \$1.00 per share. The Series G Conversion Price is subject to customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like (subject to certain exceptions), as well as certain anti-dilution provisions as related to the Series G Conversion Price pursuant to the terms of the Certificate of Amendment. We are required to redeem the Series G Preferred Stock in six (6) equal quarterly installments, commencing on February 1, 2025. The amortization payments due upon such redemption are payable, at our election, in cash at 107% of the applicable Installment Redemption Amount (as defined in the Certificate of Designations), or subject to certain limitations, in shares of Common Stock valued at the lower of (i) the Conversion Price then in effect and (ii) the greater of (A) eighty (80%) percent of the average of the three lowest closing prices of our Common Stock during the thirty (30) consecutive trading day period ending and including the trading day immediately prior to the date the amortization payment is due or (B) the Floor Price (as defined in the Certificate of Designations), and in each case subject to adjustment for stock splits, stock dividends, stock combinations, recapitalizations or other similar events. Additionally, the terms of the Certificate of Amendment added certain provisions such that the Company and the holder of the shares of Series G Preferred Stock may agree to accelerate the conversion of such shares (including any Deferral Amounts (as defined in the Certificate of Designations)) at a conversion price equal to the lower of (a) the Installment Conversion Price (as defined in the Certificate of Designations) applicable to the current Installment Date and (b) the greater of the Floor Price and (x) 80% of the dollar VWAP of the Common Stock immediately prior to such acceleration, and (y) the average three daily VWAP during the thirty consecutive trading day immediately prior to such acceleration.

The holders of the Series G Preferred Stock are entitled to dividends of eight (8%) percent per annum, compounded each calendar quarter, which are payable in arrears monthly in cash or shares of Common Stock at our option, in accordance with the terms of the Certificate of Designations. Upon the occurrence and during the continuance of a Triggering Event (as defined in the Certificate of Designations), the Series G Preferred Stock accrues dividends at the rate of 15% per annum. Upon conversion or redemption, the holders of the Series G Preferred Stock are also entitled to receive a dividend make-whole payment, which such make-whole amount now means, pursuant to the terms of the Certificate of Amendment, an amount equal to the amount of additional dividends that would accrue at the dividend rate then in effect assuming for calculation purposes that the Stated Value as of the Closing Date remained outstanding through and including the Maturity Date (as defined in the Certificate of Designations).

Additionally, the Certificate of Amendment additionally removed the restrictive covenant requiring the Company to maintain unencumbered, unrestricted cash and cash equivalents on hand in an amount equal to at least 200% of the shares of Common Stock issuable upon conversion of the outstanding shares of Series G Preferred Stock.

The holders of the Series G Preferred Stock are entitled to vote with holders of the Common Stock on an as-converted basis, with the number of votes to which each holder of Series G Preferred Stock is entitled to be calculated assuming a conversion price of \$1.36 per share, which was the Minimum Price (as defined in Nasdaq Listing Rule 5635) applicable immediately before the execution and delivery of the Purchase Agreement, subject to certain beneficial ownership limitations as set forth in the Certificate of Designations.

Further, the Certificate of Designations contains a certain beneficial ownership limitation after giving effect to the issuance of shares of Common Stock issuable upon conversion of the Series G Preferred Stock or as part of any amortization payment or dividend make-whole payment under the Certificate of Designations.

The Certificate of Designations includes certain Triggering Events, including, among other things, our failure to pay any amounts due to the holders of the Series G Preferred Stock when due. In connection with a Triggering Event, each holder of Preferred Stock will be able to require the Company to redeem in cash any or all of the holder's Preferred Stock at a premium set forth in the Certificate of Designations.

We are subject to certain affirmative and negative covenants regarding the incurrence of indebtedness, the existence of liens, the repayment of indebtedness, the payment of cash in respect of dividends (other than dividends pursuant to the Certificate of Designations), and the transfer of assets, among other matters.

There is no established public trading market for the Series G Preferred Stock and we do not intend to list the Series G Preferred Stock on any national securities exchange or nationally recognized trading system.

The Warrants

The Warrants are exercisable for shares of Common Stock immediately, at an amended exercise price of \$1.00 per and expire five years from the original date of issuance. The exercise price of each of the Amended and Restated Series A Warrants and the Amended and Restated Series B Warrants is subject to anti-dilution provisions as well as customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like. There is no established public trading market for the Warrants, and we do not intend to list the Warrants on any national securities exchange or nationally recognized trading system.

The Warrants may be exercised for cash; provided that, if there is no effective registration statement available for resale of the Warrant Shares, the Warrants may be exercised on a cashless basis. The exercise price may also be voluntarily reduced by the Company to any amount and for any period of time deemed appropriate by the Board at any time with the prior written consent of the Required Holders (as defined in the Purchase Agreement), subject to the rules and regulations of the Nasdaq Stock Market LLC.

Notes

The Notes will mature on the date that is three years and four months from the date of issuance (the “Notes Maturity Date”), which may be extended as set forth in the Notes. The Notes bear an interest rate of 8.0% per annum compounded each quarter, which are payable in arrears (i) on the first trading day of each quarter beginning February 2, 2026 (each such date, an “Interest Date”), in cash, (ii) on each Interest Date occurring on an Installment Date (as defined in the Notes), payable by way of inclusion of the interest in the applicable Installment Amount (as defined in the Notes), (iii) prior to the First Installment Date (as defined herein), payable by way of inclusion of interest in the Conversion Amount (as defined in the Notes) on each conversion date occurring prior to the First Installment Date, or (iv) upon any redemption or any required payment upon any Event of Default (as defined in the Notes). Upon the occurrence and during the continuance of an Event of Default, the Notes accrue interest at the rate of 15% per annum.

The Notes are convertible into shares of Common Stock at the election of the holder at any time at an initial conversion price of \$1.00 per share (the “Note Conversion Price”). The Note Conversion Price will be subject to customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like (subject to certain exceptions). Additionally, the Note Conversion Price will be subject to price-based adjustment in the event of any issuances of Common Stock, or securities convertible, exercisable or exchangeable for Common Stock, at a price below the then-applicable Note Conversion Price (subject to certain exceptions).

The Company is required to redeem the outstanding principal amount of the Notes in quarterly installments beginning on April 1, 2026 (the “First Installment Date”) in accordance with the schedule set forth in the Note. The Installment Amounts (as defined in the Notes) are redeemable, at the Company’s election, in cash at 107% of the applicable Installment Redemption Amount, or subject to certain limitations, in shares of Common Stock valued at the lower of (i) the Note Conversion Price then in effect and (ii) the greater of (A) 80% of the average of the three lowest closing prices of the Company’s Common Stock during the thirty consecutive trading day period ending and including the trading day immediately prior to the date the amortization payment is due or (B) the Floor Price (as defined in the Notes), and in each case subject to adjustment for stock splits, stock dividends, stock combinations, recapitalizations or other similar events.

Upon any conversion or redemption of the Notes, the holders of the Notes are also entitled to receive interest make-whole payments, equal to an amount of additional interest that would accrue under Notes at the interest rate then in effect assuming that for calculation purposes, the outstanding principal balance remained outstanding through and including the Notes Maturity Date.

The Notes include certain events of defaults, including, among other things, the suspension from trading or the failure of the Company’s Common Stock to be trading or listed (as applicable) on an eligible market for a period of five (5) consecutive trading days and the Company’s failure to pay any amounts due to the holders of the Notes when due. The Notes contain certain restrictive covenants, including, among other things, requiring the Company to (A) maintain unencumbered, unrestricted cash and cash equivalents on hand in amount equal to at least \$1,000,000, and (B) deposit an amount equal to \$1,350,000 into a newly established segregated deposit account, which may be reduced proportionally on a dollar-for-dollar basis as (i) the outstanding principal of the applicable Notes is redeemed, converted or otherwise repaid in accordance with such Notes, or (ii) the outstanding shares of Series G Preferred Stock are redeemed, converted or otherwise repaid in accordance with the Certificate of Designations.

Notwithstanding the foregoing, the Company's ability to settle conversions using shares of Common Stock is subject to certain limitations set forth in the Notes, including a limit on the number of shares that may be issued until the time, if any, that the Company has obtained the Stockholder Approval. Further, a holder of a Note is prohibited from converting the Note into shares of Common Stock if, as a result of such conversion, the holder, together with its affiliates, would own more than 4.99% of the total number of shares of the Company's Common Stock then issued and outstanding immediately after giving effect to the issuance of the shares of Common Stock issuable upon conversion of the Notes. However, any holder may increase or decrease such percentage to any other percentage not in excess of 9.99%, provided that any increase in such percentage shall not be effective until 61 days after such notice to the Company.

Effect of Issuance of the Securities

The shares of Series G Preferred Stock are convertible into up to an aggregate of 862,860 shares of our Common Stock at the Series G Conversion Price of \$1.00 per share, the Amended and Restated Series A Warrants are exercisable into up to an aggregate of 4,000,000 shares of our Common Stock at the amended and restated exercise price of \$1.00 and the Amended and Restated Series B Warrants are exercisable into up to an aggregate of 4,800,000 shares of our Common Stock at the amended and restated exercise price of \$1.00 per share.

The potential issuance of the additional shares of Common Stock upon the conversion or exercise of the Series G Preferred Stock, the Notes and the Warrants, as the case may be, including but not limited to in connection with any anti-dilution provisions, would result in an increase in the number of shares of Common Stock outstanding, and our stockholders will incur dilution of their percentage ownership to the extent that the Investors convert their shares of Series G Preferred Stock and Notes or exercise their Warrants, or additional shares, if any, of Common Stock are issued pursuant to the dividend and amortization terms of the Series G Preferred Stock and the Notes. Because of potential adjustments to the number of shares of Common Stock issuable upon conversion of the Series G Preferred Stock and the Notes and exercise of the Amended and Restated Warrants issued in connection with the Exchange, the exact magnitude of the dilutive effect of the Series G Preferred Stock, the Notes and Amended and Restated Warrants cannot be conclusively determined. However, the dilutive effect may be material to our current stockholders.

Proposal to Approve Exchange

Nasdaq Listing Rule 5635(d) requires us to obtain stockholder approval prior to the issuance of securities in connection with a transaction other than a public offering involving the sale, issuance or potential issuance by us of our Common Stock (or securities convertible into or exercisable for our Common Stock), which equals 20% or more of our Common Stock or 20% or more of the voting power outstanding immediately prior to the issuance at a price less than the Minimum Price. In the case of the Exchange, the 20% threshold was determined based on the shares of our Common Stock outstanding immediately preceding the signing of the Exchange Agreement, which we signed on November 3, 2025.

Immediately prior to the execution of the Exchange Agreement, we had 5,766,703 shares of Common Stock issued and outstanding. Therefore, the potential issuance of the Underlying Shares would have constituted greater than 20% of the shares of Common Stock issued and outstanding prior to giving effect to the Exchange. In addition, if we elect to pay the amortization payments due upon redemption of the Series G Preferred Stock and the Notes in shares of Common Stock, or certain dividend payments or interest payments in shares of Common Stock as related to the Series G Preferred Stock and Notes, respectively, in each case subject to the terms and conditions of the Certificate of Designations, the Certificate of Amendment and the Notes, as the case may be, this may result in the issuance of a greater number of shares of Common Stock than would be issuable at the initial conversion prices of such securities. We are seeking stockholder approval under Nasdaq Listing Rule 5635(d) for the sale, issuance or potential issuance by us of our Common Stock (or securities convertible into or exercisable for our Common Stock) in excess of 1,153,341 shares, which is 20% of the shares of Common Stock issued and outstanding on the original date of entry into the Exchange Agreement.

We intend to make the amortization and dividend payments, as the case may be, due to holders of the Series G Preferred Stock and the Notes in the form of Common Stock to the extent allowed under the Certificate of Designations the Notes and applicable law in order to preserve our cash resources. Because the effective conversion price used to determine the number of shares of Common Stock issuable in such installment payments depends in part on the market price of our Common Stock at the time that an installment payment is due, we cannot predict how many shares of Common Stock issuable upon conversion of the Series G Preferred Stock and the Notes we will be required to issue in such an amortization payment. In addition, we generally have no control over whether the holders of the Series G Preferred Stock and the Notes convert such shares or whether the Warrant holders exercise their Warrants. For these reasons, we are unable to accurately forecast or predict with any certainty the total amount of Underlying Shares that may be issued. Under certain circumstances, however, it is possible, that we will issue more than 20% of our outstanding shares of Common Stock to the Series G Preferred Stock, Notes and Warrant holders under the terms of the Exchange Agreement. Therefore, we are seeking stockholder approval under this proposal to issue more than 20% of our outstanding shares of Common Stock, if necessary, to the Series G Preferred Stock, Notes and Warrant holders pursuant to the terms of the Exchange Agreement.

Any transaction requiring approval by our stockholders under Nasdaq Listing Rule 5635(d) would likely result in a significant increase in the number of shares of our Common Stock outstanding, and, as a result, our current stockholders will own a smaller percentage of our outstanding shares of Common Stock.

Future issuances of securities in connection with the Exchange, if any, may cause a significant reduction in the percentage interests of our current stockholders in voting power, any liquidation value, our book and market value, and any future earnings. Further, the issuance or resale of Common Stock issued to the Series G Preferred Stock, Notes and Warrant holders could cause the market price of our Common Stock to decline. In addition to the foregoing, the increase in the number of issued shares of Common Stock in connection with the Exchange may have an incidental anti-takeover effect in that additional shares could be used to dilute the stock ownership of parties seeking to obtain control of us. The increased number of issued shares could discourage the possibility of, or render more difficult, certain mergers, tender offers, proxy contests or other change of control or ownership transactions.

Under the Nasdaq Listing Rules, we are not permitted (without risk of delisting) to undertake a transaction that could result in a change in control of us without seeking and obtaining separate stockholder approval.

Consequences of Not Approving this Proposal

In light of our obligations under the Certificate of Designations, we believed that the Exchange was the only viable option available to us at the time. Unless we obtain stockholder approval for this Issuance Proposal, we will be required to incur additional costs in order to hold an additional stockholder meeting ninety (90) days thereafter, and if such stockholder approval is not obtained at such stockholder meeting, we shall be required to hold stockholder meetings semi-annually thereafter to seek such approval as is required under the Exchange Agreement. Further, until such time as we obtain stockholder approval for this Issuance Proposal, we will not be able to issue shares of Common Stock to the Series G Preferred Stock, Notes and Warrant holders at an effective price per share below the price initially contemplated in the Certificate of Amendment and Warrants, prior to the Exchange, and as previously approved by stockholders on April 10, 2025. If we are unable to make the amortization or dividend payments, as the case may be, due to the holders of the Series G Preferred Stock and the Notes in shares of our Common Stock, or to issue sufficient shares of Common Stock upon conversion of Series G Preferred Stock and the Notes or exercise of the Warrants, as the case may be, we will have to satisfy such payment obligations by means of cash redemption payments to the holders of the Series G Preferred Stock and the Notes. If we do not have sufficient cash resources to make these payments, we may need to delay, reduce or eliminate certain of our programs or other operations, sell some or all of our assets or merge with another entity.

Interests of Certain Persons

When you consider our Board's recommendation to vote in favor of this proposal, you should be aware that our directors and executive officers and existing stockholders may have interests that may be different from, or in addition to, the interests of other of our stockholders. In particular, Iroquois Capital Investment Group, LLC ("ICIG") and its affiliate Iroquois Master Fund Ltd. ("IMF"), participated in the Private Placement. ICIG and IMF may be unable to convert all of its Series G Preferred Stock and Notes and exercise all of the Warrants issued to them in connection with the Private Placement and the Exchange, as applicable, if the Issuance Proposal is not approved by our stockholders. ICIG and IMF, together, may, by virtue of the issuance of the shares of Common Stock issuable upon the conversion or exercise of the Series G Preferred Stock, Notes and Warrants to which each is entitled upon conversion of their respective Series G Preferred Stock and Notes at the applicable conversion price or exercise of their respective Warrants at their exercise price, respectively, acquire rights to a majority of the voting power of us, based on the number of shares of Common Stock outstanding as of the Record Date.

Further Information

The terms of the Exchange Agreement, the Purchase Agreement, the Certificate of Designations, the Certificate of Amendment and the Warrants are only briefly summarized above. For further information, please refer to the forms of the Exchange Agreement, the Purchase Agreement, the Certificate of Designation, the Certificate of Amendment, and the Warrants, which were filed with the SEC as exhibits to our Current Reports on Form 8-K filed on January 15, 2025, and November 5, 2025, as applicable, and are incorporated herein by reference. The discussion herein is qualified in its entirety by reference to the filed documents.

Board Recommendation and Required Vote

The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Issuance Proposal is required to approve the Issuance Proposal. "ABSTAIN" votes will have no effect on the Issuance Proposal. Because the Issuance Proposal is not considered a "routine matter," your bank, broker, trustee or other nominee, as the case may be, will not be able to vote your shares without your instruction with respect to the Issuance Proposal. As a result, the failure to instruct your bank, broker, trustee or other nominee as to how to vote on the Issuance Proposal will result in a broker non-vote, which will have no effect on the results of this vote.

Holders of Series G Preferred Stock are not entitled to vote such shares on the Issuance Proposal.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ISSUANCE PROPOSAL, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF THE ISSUANCE PROPOSAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

PROPOSAL 8 – THE ADJOURNMENT PROPOSAL

Background of and Rationale for the Adjournment Proposal

Our Board has approved a proposal to adjourn the Annual Meeting to a later date or dates, if necessary or appropriate, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of the proposals at the Annual Meeting.

The approval of (i) the Director Election Proposal requires the affirmative vote of the plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the Director Election Proposal, (ii) each of the Auditor Ratification Proposal, the Say-on-Pay Proposal, the Say-on-Frequency Proposal, the Reverse Stock Split Proposal and the Adjournment Proposal requires the affirmative vote of the votes cast of the stockholders present in person or represented by proxy at the at the Annual Meeting and entitled to vote on the subject matter; and (iii) the Board Classification Proposal requires the affirmative vote of a majority of the shares outstanding and entitled to vote on the subject matter. The Board believes that if the number of votes received with respect to the aforementioned proposals is less than said applicable majority and is therefore insufficient to approve the aforementioned proposals, then it may be in the best interests of the stockholders to adjourn the Annual Meeting to enable the Board to continue to seek to obtain a sufficient number of additional votes to approve the aforementioned proposals.

In the Adjournment Proposal, we are asking stockholders to authorize the holder of any proxy solicited by the Board to vote in favor of adjourning or postponing the Annual Meeting or any adjournment or postponement thereof. If our stockholders approve this proposal, we could adjourn or postpone the Annual Meeting, and any adjourned session of the Annual Meeting, to use the additional time to solicit additional proxies in favor of the proposals at the Annual Meeting.

Additionally, approval of the Adjournment Proposal could mean that, in the event we receive proxies indicating that a majority of votes represented by the outstanding stock entitled to vote at the Annual Meeting will be against the proposals at the Annual Meeting, we could adjourn or postpone the Annual Meeting without a vote on such proposals and use the additional time to solicit the holders of those shares to change their vote in favor of such proposals.

Vote Required and Board's Recommendation

The affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy, voting affirmatively or negatively at the Annual Meeting and entitled to vote on the Adjournment Proposal is required to approve the Adjournment Proposal. "ABSTAIN" votes will have no effect on the Adjournment Proposal. Because the Adjournment Proposal is considered a "routine matter," broker non-votes are not expected to occur with respect to the Adjournment Proposal because your broker has discretionary authority to vote your shares with respect to such proposal. Failure by your broker to exercise its discretionary authority to vote your shares on the Adjournment Proposal will have no effect thereon.

THE BOARD RECOMMENDS A VOTE "FOR" THE ADJOURNMENT PROPOSAL.

Director Independence and Committee Qualifications

Our Board of Directors has reviewed the materiality of any relationship that each of our directors has with us, either directly or indirectly. Based upon this review, we believe that Messrs. Bernstein, Weinstein, Lebowitz and Mme. Wizenberg qualify as independent directors in accordance with the standards set by Nasdaq, as well as Rule 10A-3 promulgated under the Exchange Act. Accordingly, our Board of Directors is comprised of a majority of independent directors as required by Nasdaq rules. Our Board of Directors has also determined that each member of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee meets the independence requirements applicable to each such committee member prescribed by Nasdaq and the SEC. Our Board of Directors has further determined that Messrs. Bernstein and Weinstein are “audit committee financial experts” as defined in the rules of the SEC.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended December 31, 2024, there were fifteen meetings of our Board of Directors as well as nine unanimous written consents of the Board of Directors. The various committees of the Board of Directors met a total of ten times, collectively. Other than Michael Lebowitz, all other directors attended more than 75 percent of the aggregate of the total number of meetings of the Board of Directors. Each director serving on a committee attended more than 75 percent of the total number of meetings held by an applicable committee(s) of the Board of Directors on which such director served during the year ended December 31, 2024. The Board of Directors has adopted a policy under which each member of the Board of Directors is strongly encouraged, but not required, to attend each annual meeting of our stockholders. All five of our 2024 directors attended our 2024 annual meeting of stockholders.

Audit Committee. Our Audit Committee met four times during the year ended December 31, 2024. The Audit Committee currently has three members: Robert Weinstein (Chairman), Bruce T. Bernstein and Gaëlle Wizenberg. Effective as of January 1, 2024, Donald E. Stout ceased to be a member of the Board of Directors and all committees thereto, including the Audit Committee. As of January 30, 2024, Gaëlle Wizenberg was elected to be a member of the Audit Committee. Our Audit Committee’s role and responsibilities are set forth in the Audit Committee’s written charter and include the authority to retain and terminate the services of our independent registered public accounting firm. In addition, the Audit Committee reviews our annual and quarterly financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits.

The Board determined that all members of the Audit Committee qualify as independent under the listing standards promulgated by the SEC and Nasdaq, as such standards apply specifically to members of audit committees. The Board of Directors has determined that both Messrs. Weinstein and Bernstein are “audit committee financial experts,” as defined by the SEC in Item 407 of Regulation S-K. A copy of the Audit Committee’s written charter is publicly available through the “Investors – Corporate Governance” section of our website at www.xwell.com/corporate-governance.

Compensation Committee. Our Compensation Committee met two times during the year ended December 31, 2024. This committee currently has three members: Bruce T. Bernstein (Chairman), Robert Weinstein and Gaëlle Wizenberg. Effective as of January 1, 2024, Donald E. Stout ceased to be a member of the Board of Directors and all committees thereof, including the Compensation Committee. As of January 30, 2024, Gaëlle Wizenberg was elected to be a member of the Compensation Committee.

Our Compensation Committee’s role and responsibilities are set forth in the Compensation Committee’s written charter and includes reviewing, approving and making recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board of Directors are carried out and that such policies, practices and procedures contribute to our success. Our Compensation Committee also administers our 2012 Employee, Director and Consultant Equity Incentive Plan (the “2012 Plan”) and our 2020 Equity Incentive Plan (the “2020 Plan”). The Compensation Committee is responsible for (1) the determination of the compensation of our Chief Executive Officer, and conducts its decision-making process with respect to that issue without the Chief Executive Officer present, (2) the determination of the compensation of the executive officers of the Company other than the Chief Executive Officer based upon the recommendation of the Chief Executive Officer and such other customary factors that the Committee deems necessary or appropriate, and (3) the establishment and review of general compensation policies with the objective of attracting and retaining superior talent, rewarding individual performance and achieving our financial goals. The Compensation Committee has the authority to directly retain the services of independent consultants and other experts to assist in fulfilling its responsibilities. In March of 2025, the Compensation Committee did engage a third-party compensation consultant, StreeterWyatt Analytics, to review the Board’s compensation structure as well as benchmark it against the Company’s peer group.

The Board determined all members of the Compensation Committee qualify as independent under the Nasdaq listing standards. A copy of the Compensation Committee's written charter is publicly available through the "Investors – Corporate Governance" section of our website at www.xwell.com/corporate-governance.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee met one time during the year ended December 31, 2024. This committee currently has three members: Robert Weinstein (Chairman), Michael Lebowitz and Bruce T. Bernstein. Effective as of January 1, 2024, Donald E. Stout ceased to be a member of the Board of Directors and all committees thereof, including the Nominating and Corporate Governance Committee. As of January 30, 2024, Michael Lebowitz was elected to be a member of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's role and responsibilities are set forth in the Nominating and Corporate Governance Committee's written charter and include authority to:

- identify and nominate members of the Board of Directors;
- oversee the evaluation of the Board of Directors and management;
- develop and recommend corporate governance guidelines to the Board of Directors;
- evaluate the performance of the members of the Board of Directors; and
- make recommendations to the Board of Directors as to the structure, composition and functioning of the Board of Directors and its committees.

Our Nominating and Corporate Governance Committee and Board of Directors may therefore consider a broad range of factors relating to the qualifications and background of nominees, which may include diversity, which is not only limited to race, gender or national origin. Our Nominating and Corporate Governance Committee's and Board of Directors' priority in selecting Board members is identification of persons who will further the interests of our stockholders through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among Board members and professional and personal experiences and expertise relevant to our growth strategy.

In addition, under our current corporate governance policies, the Nominating and Corporate Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Corporate Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board of Directors, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources.

The Board determined that all members of the Nominating and Corporate Governance Committee qualify as independent under the Nasdaq listing standards. A copy of the Nominating and Governance Committee's written charter is publicly available through the "Investors – Corporate Governance" section of our website at www.xwell.com/corporate-governance.

The Strategic Affairs Committee. The Strategic Affairs Committee (the “Strategic Affairs Committee”) met one time during the year ended December 31, 2024. The Strategic Affairs Committee was formed in September 2021 to assist the Board in reviewing, analyzing, considering and assessing, potential acquisitions, joint ventures, strategic investments, divestitures and other strategic transactions. The Strategic Affairs Committee currently has three members: Bruce T. Bernstein (Chairman), Robert Weinstein and Michael Lebowitz. The Strategic Affairs Committee’s responsibilities include, among others:

- assisting management with the identification of potential acquisition, joint venture, strategic investment, divestiture and other strategic transaction opportunities and review transaction candidates with management, when and as appropriate;
- evaluating strategic transactions received by the Company or proposed by management; and
- overseeing and coordinating the process of reviewing, analyzing and responding to proposals received by the Company or proposed by management with respect to such potential acquisition, joint venture, strategic investment, divestiture and other strategic transaction opportunities.

Subcommittee for Financial Planning. The Subcommittee for Financial Planning (the “Finance Subcommittee”) met one time during the year ended December 31, 2024. This committee was formed in June 2024 to discuss potential financing strategies for the Company. The Finance Subcommittee currently has three members: Bruce T. Bernstein (Chairman), Robert Weinstein and Gaëlle Wizenberg.

Board Leadership Structure and Role in Risk Oversight

Effective as of February 5, 2018, the Board appointed Bruce T. Bernstein as the non-executive Chairman of the Board of Directors.

The leadership structure of the Board currently consists of a Chairman of the Board who oversees the Board meetings. We separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two roles. Our Board believes this division of responsibility is an effective approach for addressing the risks we face. All of our Board committees are comprised of only independent directors. All Board committees are chaired by independent directors who report to the full Board whenever necessary. We believe this leadership structure helps facilitate efficient decision-making and communication among our directors and fosters efficient Board functioning at meetings.

Our management is primarily responsible for managing the risks we face in the ordinary course of operating our business. The Board oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business. The Board also periodically discusses with management important compliance and quality issues. In addition, the Board has delegated risk oversight to each of its key committees within their areas of responsibility. For example, the Audit Committee assists the Board in fulfilling its oversight of the quality and integrity of our financial statements and our compliance with legal and regulatory requirements relating to our financial statements and related disclosures. The Compensation Committee assists the Board in its risk oversight function by overseeing strategies with respect to our incentive compensation programs and key employee retention issues. We believe our Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board’s efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

The Company’s Policies and Practices Related to the Grant of Certain Equity Awards Close in Time to the Release of Material Nonpublic Information

The Company does not have any formal policy that requires it to grant, or avoid granting, equity-based compensation to our executive officers at certain times. Consistent with our annual compensation cycle, the Compensation, Corporate Governance and Nominating Committee has for several years granted annual equity awards to its executive officers and directors at the start of the new fiscal year. The timing of any equity grants to executive officers in connection with new hires, promotions, or other non-routine grants is tied to the event giving rise to the award (such as an executive officer’s commencement of employment or promotion effective date). As a result, in all cases, the timing of grants of equity awards, including stock options, occurs independent of the release of any material nonpublic information, and we do not time the disclosure of material nonpublic information for the purpose of affecting the value of equity-based compensation.

No stock options were issued to executive officers in fiscal year 2024 during any period beginning four business days before the filing of a periodic report or current report disclosing material non-public information and ending one business day after the filing or furnishing of such report with the SEC.

Involvement in Certain Legal Proceedings

None of our directors or executive officers has been involved in any of the following events during the past ten years:

- any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
- being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his or her involvement in any type of business, securities or banking activities; or
- being found by a court of competent jurisdiction (in a civil action), the SEC or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

Family Relationships

There are no family relationships among our directors and executive officers.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than ten percent of our Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock.

On April 26, 2024, Gaelle Wizenberg purchased 100 shares of Common Stock, and on May 7, 2024, Ms. Wizenberg purchased 199 shares of Common Stock. Such transactions were reported with the SEC on July 22, 2024, in a Form 4 filing.

To our knowledge, based solely on our records and a review of the copies of such reports furnished to us, during the fiscal year ended December 31, 2024, other than above, we believe that all reports applicable to our officers, directors and greater than ten percent stockholders which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis.

Code of Conduct and Ethics

We have adopted a Code of Conduct and Ethics that applies to all of our employees, including our principal executive officer and principal financial and accounting officer. The text of the Code of Conduct and Ethics is posted on the “Investors – Corporate Governance” section of our website at www.xwell.com/corporate-governance, and will be made available to stockholders without charge, upon request, in writing to the Corporate Secretary at 254 West 31st Street 11th Floor, New York, New York 10001. Disclosure regarding any amendments to, or waivers from, provisions of the code of conduct and ethics that apply to our directors, principal executive and financial officers will be included in a Current report on form 8-K within four business days following the date of the amendment or waiver, unless website posting or the issuance of a press release of such amendments or waivers is then permitted by Nasdaq rules.

Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of the security, or investment power, which includes the power to dispose of or to direct the disposition of the security.

ANNEX C

Form of Reverse Stock Split Amendment

**CERTIFICATE OF AMENDMENT TO
AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION OF
XWELL, INC.**

Pursuant to Section 242 of the General Corporation Law of the State of Delaware, XWELL, Inc., a corporation organized and existing under the laws of the State of Delaware (the "Corporation"), does hereby certify as follows:

1. The name of the Corporation is XWELL, Inc. The date of filing of its original Certificate of Incorporation with the Secretary of State of the State of Delaware was January 9, 2006, under the name of Vringo, Inc. The name of the Corporation was changed to FORM Holdings Corp. by filing a Certificate of Amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware on May 5, 2016. The name of the Corporation was changed to XpresSpa Group, Inc. by filing a Certificate of Amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware on January 5, 2018. The name of the Corporation was changed to XWELL, Inc. by filing an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware on October 24, 2022.

2. The Board of Directors of the Corporation has duly adopted a resolution pursuant to Section 242 of the General Corporation Law of the State of Delaware setting forth a proposed amendment to the Amended and Restated Certificate of Incorporation of the Corporation and declaring said amendment to be advisable. The requisite stockholders of the Corporation have duly approved said proposed amendment in accordance with Section 242 of the General Corporation Law of the State of Delaware. The amendment amends the Amended and Restated Certificate of Incorporation of the Corporation as follows:

3. Article IV of the Corporation's Amended and Restated Certificate of Incorporation is hereby amended and restated in its entirety:

"4. Upon the effectiveness of the filing of this Certificate of Amendment (the "Effective Time") each share of the Corporation's common stock, \$0.01 par value per share (the "Old Common Stock"), either issued or outstanding or held by the Corporation as treasury stock, immediately prior to the Effective Time, will be automatically reclassified and combined (without any further act) into a smaller number of shares such that each [●] shares of Old Common Stock issued and outstanding or held by the Company as treasury stock immediately prior to the Effective Time is reclassified into one share of Common Stock, \$0.01 par value per share, of the Corporation (the "New Common Stock"), the exact ratio within such range to be determined by the board of directors of the Corporation prior to the Effective Time and publicly announced by the Corporation (the "Reverse Stock Split"). The Board of Directors shall make provision for the issuance of that number of fractions of New Common Stock such that any fractional share of a holder otherwise resulting from the Reverse Stock Split shall be rounded up to the next whole number of shares of New Common Stock. Any stock certificate that, immediately prior to the Effective Time, represented shares of the Old Common Stock will, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent the number of shares of the New Common Stock into which such shares of Old Common Stock shall have been reclassified plus the fraction, if any, of a share of New Common Stock issued as aforesaid.

4. Notwithstanding the immediately preceding sentence, no fractional shares shall be issued as a result of the reverse stock split. Instead, any stockholder who would otherwise be entitled to a fractional share of Common Stock as a result of the reclassification shall be entitled to receive a cash payment equal to the product of such resulting fractional interest in one share of Common Stock multiplied by the closing trading price of Common Stock on the Nasdaq Capital Market on the trading day immediately following the Effective Time. Notwithstanding the foregoing, the Corporation shall not be obliged to issue certificates evidencing the shares of Common Stock outstanding as a result of the reverse stock split or cash in lieu of fractional shares, if any, unless and until the certificates evidencing the shares held by a holder prior to the reverse stock split are either delivered to the Corporation or its transfer agent, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates.

5. Each stock certificate that, immediately prior to the Effective Time, represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent that the number of whole shares of Common Stock after the Effective Time into which the shares of Common Stock formerly represented by such certificate shall have been reclassified (as well as the right to receive a cash payment in lieu of a fractional share of Common Stock), provided, however, that each person of record holding a certificate that represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall receive, upon surrender of such certificate, a new certificate evidencing and representing the number of whole shares of Common Stock after the Effective Time into which the shares of Common Stock formerly represented by such certificate shall have been reclassified (including the right to receive a cash payment in lieu of a fractional share of Common Stock).”

This Certificate of Amendment shall be effective on [●] at [●] Eastern Time.

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Amendment to be signed by its Chief Executive Officer on this [●] day of [●], [●].
